

IIJA & Wisconsin

Formula Funds,
Average Annual Increase

- Federal Aid Highway Program **\$215 million**
- Bridges **\$45 million**
- Airports **\$40 million**
- Transit **\$30 million**
- Electric Vehicle Charging Infrastructure **\$15.7 million**

➔ **Plus, opportunities to compete for more than \$100 billion in discretionary funding for a variety of transportation programs.**

See reverse side for examples.

Transportation

Our Future Rides on It

Wisconsin is a diverse state with an economy driven by manufacturing, agriculture, and tourism.

These industries and the safety and well-being of Wisconsin residents are supported by a vast transportation network, including:

- 12,000 miles of state and interstate highways
- 104,000 miles of county highways, town roads, municipal streets
- 81 public transit and shared-ride taxi systems
- 8 commercial service airports and 90 diverse general aviation (GA) public-use airports
- 3,300 miles of railroad tracks, and
- 29 commercial ports.

Wisconsin relies on federal funds to help maintain and modernize this crucial system, with federal funds comprising over 25% of Wisconsin's transportation budget.

The increased investment from the Infrastructure Investment and Jobs Act (IIJA) is already rolling out to communities around the state.

2023 TDA POSITIONS

Maximize the Benefits of the IIJA

- Provide timely and full funding of IIJA programs for FY2024.
- Ensure states have flexibility in using federal formula funds.
- Support efforts to bring discretionary dollars to Wisconsin.
- Continue permit streamlining and implementation of One Federal Decision with its goal of an average two-year environmental review.

Reauthorize the Federal Aviation Administration

- Build on the IIJA with the timely passage of a multi-year FAA reauthorization in advance of the expiration of the current bill on Sept. 30.
- Increase the Airport Improvement Program (AIP) with an expansion of eligible uses.
- Maintain, at the minimum, the FAA matching share for an eligible AIP project at 90 percent of the project costs.
- Reauthorize the Essential Air Service Program and the Small Community Air Service Development Program.
- Allow local airports the authority to increase the Passenger Facility Charge cap and allow for more flexibility.
- Provide federal assistance and liability protection toward airport clean-up programs of contaminants (PFAS in firefighting foam) whose use is required by federal regulations.
- Support the Contract Towers Program, providing service to nine airports in Wisconsin.
- Take steps to address the pilot and aviation workforce shortages.

Wisconsin Discretionary Grant Examples

\$80M awarded to state to replace interstate bridge

PORTAGE DAILY
REGISTER

September 15, 2022

The Interstate 39/90/94 bridge that spans the Wisconsin River is set to be replaced by two separate bridges thanks to \$80 million in federal funding.

The Wisconsin Department of Transportation (WisDOT) was awarded \$80 million to build two bridges over the Wisconsin River for traffic in both directions, according to a statement released by the U.S. Department of Transportation.

Total project cost: \$153 million

Wisconsin receives \$10M to redevelop the Port of Green Bay and revitalize riverwalk

 **WISCONSIN**
PUBLIC RADIO

October 28, 2022

A more than \$10 million federal grant will help Brown County transform a decommissioned power plant into a new state-of-the-art port facility.

The U.S. Department of Transportation announced the Port of Green Bay's grant Friday. The Maritime Administration's Port Infrastructure Development grant is paid for by the bipartisan infrastructure law and appropriations from Congress.

Officials say the Port of Green Bay project will have an economic impact of \$87 million over the first five years and will create 20 jobs, as well as allow the city of Green Bay to redevelop a 35-acre parcel on its downtown riverfront.

Total project cost: \$25 million

Electric bus fleet grows in City of Racine with \$3.8 million grant

August 17, 2022

The City of Racine has been awarded nearly \$3.8 million from the U.S. Department of Transportation's Federal Transit Administration (FTA) Low or No Emission Vehicle Program to add four more electric buses to its fleet.

The grant, announced Wednesday, means that Racine Transit (RYDE Racine) will have 13 all-electric, battery-powered buses making nearly 40 percent of its fixed-route fleet zero emission. Racine was one of only 150 transit systems nationwide (and the only transit system in Wisconsin) to receive funding from the federal program. The city's award totaled \$3,796,872.

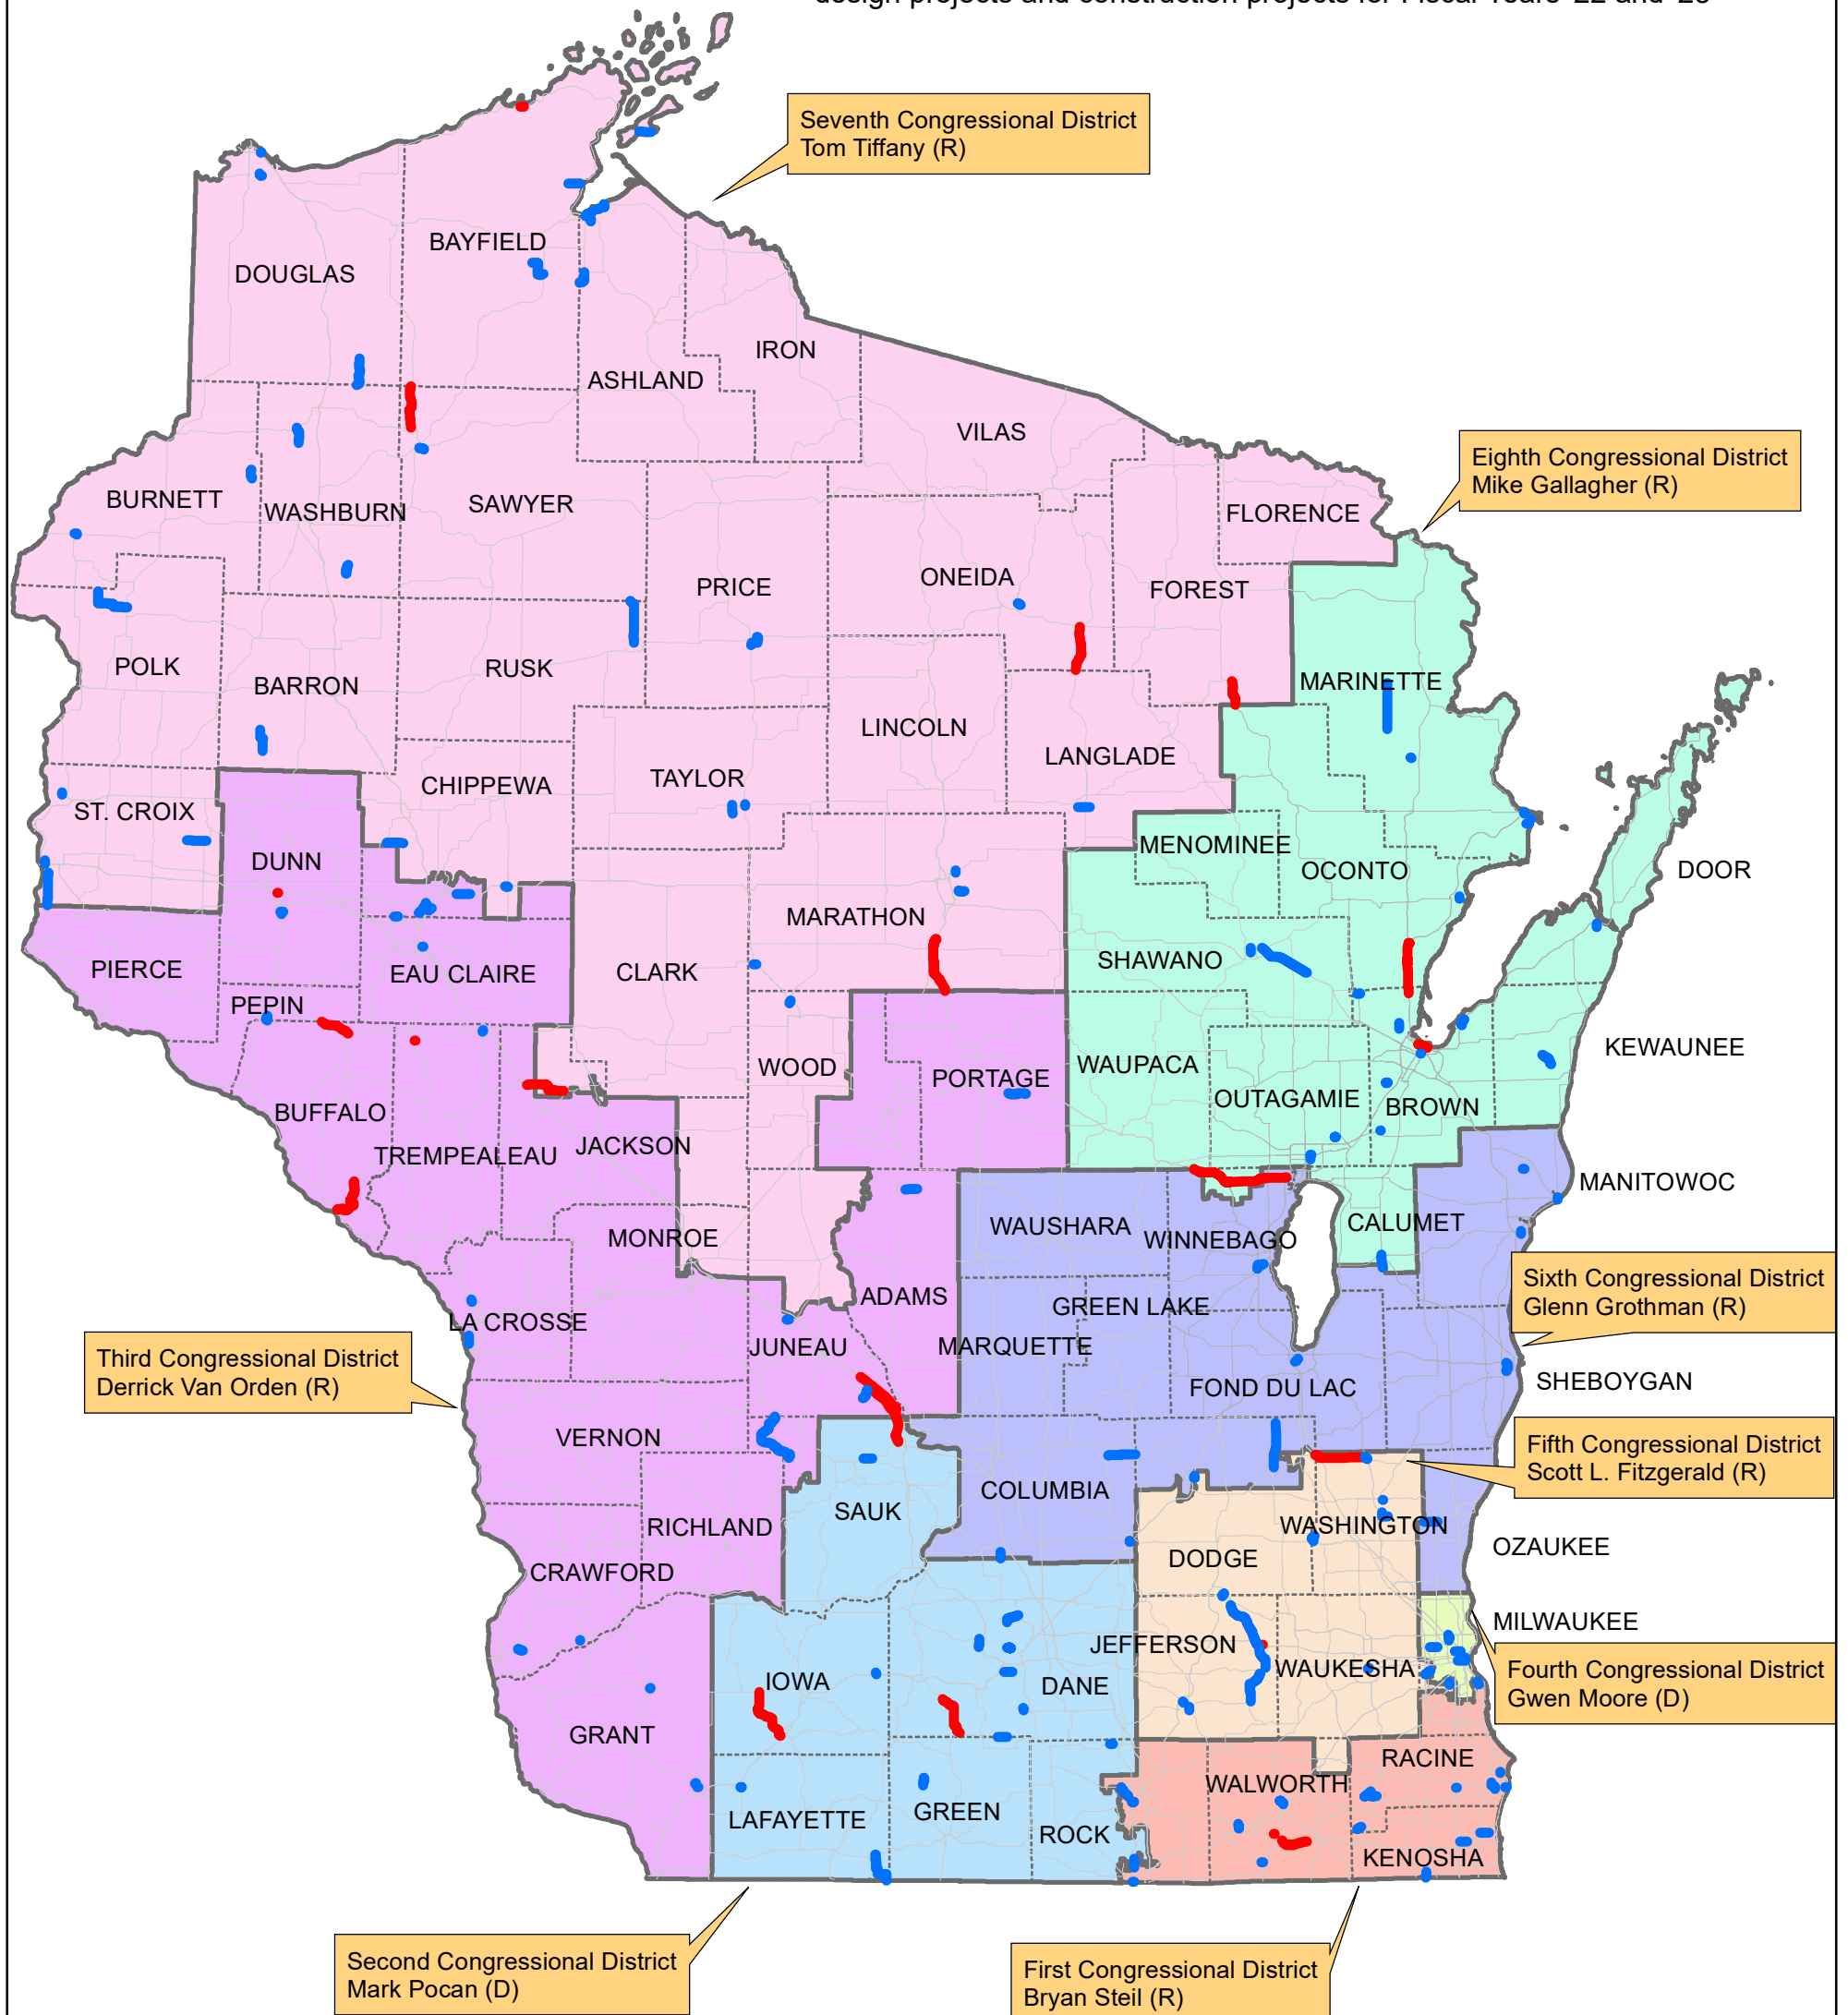

Supplemental BIL Projects Federal Fiscal Year 2022 & 2023

— State Projects - State Highway Rehabilitation

State Projects – State Highway Rehabilitation includes only Construction Projects for Fiscal Years '22 and '23

— Local Projects - Surface Transportation Program

Local Projects - Surface Transportation Program includes both design projects and construction projects for Fiscal Years '22 and '23
