

TURNOUT for
Transportation
ROUNDTABLES

Candidates and Legislators are Encouraged to Attend

Join us for breakfast and an engaging roundtable discussion on Wisconsin's transportation future.

Hear directly from local officials, community leaders, and industry partners about the current state of our transportation infrastructure, emerging opportunities, and their real-world impacts on our neighborhoods, businesses, and the state's economy.

Together, we'll reflect on the progress we've made and the challenges still ahead as we work to preserve a safe, modern, and interconnected transportation system that keeps Wisconsin moving forward, strong, and competitive.

We hope you'll join the conversation.
